Comments:

(1) This observation, though not confirmed by other sources, incidates that units were leaving Doeberitz airfield which was previously occupied by two ground attack regiments.

(2) The shipment is connected with troop movements from Jueterbog-Altes
Lager to Doeberitz which were previously reported by another source.

To date, the transfer of ground units, but not of air units, has been observed.

(5) The incipient transfer of ground attack regiments from Justerbog to Doeberitz probably accounts for the re-dispatch of gasoline ship 15.11. Is probably assigned to a supply unit in Justerbog.

(4) These trains were previously reported by other sources.
